diesel rock bombes are an exciting three piece band of musicians with a melodic alternative rock sound. they play original songs in an original way. their music moves from quiet moments to moments of blistering raw energy but always with the melody well to the front of the mix. their songs are intelligent and subtle. their stage presence is intense and fun. their sound is unique..... and you can dance to it!! they are experienced at playing bars, open air events, coffeehouses, weddings, bar mitzvahs, school dances.....in fact anywhere that needs unique alternative sounds!

diesel rock bombes are greg sneed (guitar, vocals), jimmie peggie (bass, vocals), and darrell stackhouse (drums, vocals). they are accomplished musicians and songwriters. they have been together for four years. they have a repertoire of over 80 songs! in 1996 they found that they were moving away from exclusively rehearsing and writing to doing live gigs. they will be doing more live shows in 1997. no two diesel rock bombes gigs are the same! catch them while you can.
